

ROAR STREET JOURNAL

Words Into Actions

Every year, we celebrate holidays
with parties and food...

Happy new year!!

Every year, we make new resolutions
that look similar to the one last year.

New year resolutions

★ get healthy!

★ be happy!

★ be a good friend!

✱ get more done!

gonna do it
this year!!

However, those are just words.

First day of new year

Why don't we start putting those words into actions...

New year resolution
☆ get healthy!

A hand holding a black pen is writing on a white notepad. The notepad is tilted slightly to the right. The text 'New year resolution' is written in black ink, and '☆ get healthy!' is written in orange ink below it.
